WHAT IS THE NHN?

Background

It was founded in 2005 from the first face-to-face meeting of heritage stakeholders in Nunavut to assess heritage sector needs and come up with a strategic plan. The purpose of establishing the NHN was to recognize the ultimate goal of it becoming a dynamic framework for organizations to participate and contribute to the heritage sector. Stakeholders, through the vehicle of the NHN are meant to meet the strategic goals set out in the 2005 report, 'Nunavut Heritage Sector Needs Assessment and Strategic Plan'.

Visioning

A vibrant sustainable network united in protecting, interpreting and promoting Nunavut's rich heritage, in all its forms, by creating links with our past, present and future.

Mandate

Facilitating a collective support network towards building capacity through promotion, education, and preservation of Nunavut's heritage

Values and Principles

- Inclusive of all the heritage of all Nunavummiut
- Appreciation for our elders and the role our heritage can play in shaping our future
- Recognition of our present generation and the viable role they play in Nunavut's heritage
- Open communication and sharing among Nunavut Heritage stakeholders
- To assist and support Nunavut heritage organizations towards achieving their goals
- Respecting communities' desire to reflect their heritage in a way they see fit
- Recognizing the important and diverse role heritage organizations play within the community
- To advocate the social and economic importance in investing in Nunavut's heritage
- Acknowledging the importance of having accountability

"This is an important sector that we need to keep alive; we need to be dedicated to working on this. This is our heritage; this is for the benefit of all Nunavummiut. What we're striving towards is to keep heritage strong and that's what we're doing right now by networking"

(Tommy Papatsie, NHN workshop, Jan. 2005)

The Heritage Imperative: Old Buildings in an Age of Environmental Crisis

<http://www.heritagecanada.org/eng/conference.html>

Toronto – September 24-26 2009 The Heritage Canada Foundation's Annual Conference in collaboration with the Ontario Heritage Trust. Climate change. Green building. Economic renewal. Affordable housing. Old buildings have answers for the biggest questions of our generation. Rehabilitating historic buildings is the new "green" solution. Their conservation helps to promote a culture of reuse.

ADVOCACY

The Canadian Museums Association (CMA) today welcomed the federal government's new infrastructure-related funding program for small museums, which was delivered in the federal budget earlier today. This budget contains a little something for everyone, arts and heritage being no exception.

“\$60 million in infrastructure-related funding for cultural institutions, including small museums has been secured and will be provided over a two-year period”, said John McAvity, Executive Director of the CMA, “some specific institutions were even mentioned including TELUS Science Centre in Calgary, Manege Militaire in Quebec and the Confederation Centre of the Arts in Charlottetown.”

Inuit Heritage Trust will be attending the Awards Banquet at the Canadian Museums Association Conference. IHT has won an award for the Nunavut Heritage Training Plan, under the category of Excellence in Management. Thank you to everyone who had a hand in making this program a success. We really appreciate it!
